

Nizhoni
Institute of Midwifery

“Raising the Standards of Midwifery”

Adjunct Faculty - Midwifery

Nizhoni Institute of Midwifery is a non-profit, direct entry midwifery school. Our associates are dedicated to making a direct impact on students, hence our slogan: *“Raising the Standard of Midwifery.”* Nizhoni Institute of Midwifery is seeking a varied range of adjunct faculty to support supports specific areas related to natural labor, birth and newborn care.

We invite you to learn why Nizhoni Institute of Midwifery has been recognized as the only nationally accredited midwifery school in California approved by the Bureau of Private and Postsecondary Education.

Position Overview:

As an Adjunct Faculty – Instructor, you will be responsible for working with students; cohorts consist of 10 - 20 students you will support to hone and develop skills related to the midwifery field. Using your skills and prior experience, you will help students in both classroom and mock clinical settings gain knowledge that will help them towards earning a certificate in Holistic Midwifery and ultimately become a California license midwife!

Your opportunities to make a difference include:

- Instruct students in a 4-week classroom setting, devoting individual time and attention towards mastering the required curriculum
- Potentially mentor students through the Midwifery program, enabling continuous interactions with students throughout their Nizhoni matriculation.
- Accompany students through clinical experience opportunities, allowing them to gain useful hands-on exposure to real-life applications of skills learned.

What we’re looking for you to bring to the job:

- Strong organization, attention to detail and superior communication skills.
- Ability to work with students of all experience and knowledge levels, whether basic or advanced.
- Initiative and desire to own all course responsibilities.

Qualifications:

- Licensed Midwife, Certified Nurse Midwife, Certified Homeopath, Herbalist, specialized Obstetrician/Genecology (OB), Doctor of Osteopathy specializing in OB welcomed too!
- Classroom instruction and clinical supervision experience is a plus.
